

Kardex AutoStore™ Xperience Tour

RHENUS | Hörselgau, Germany
29 November 2026 | 10:00–approx. 14:00

Experience AutoStore™ in live operation and hear first-hand how Rhenus and Thalia transformed their warehouse logistics together with Kardex.

One of the world's highest-performing AutoStore systems

At its Hörselgau site, Rhenus operates one of the highest-throughput AutoStore systems ever built. Implemented together with Kardex, the large-scale installation supports Thalia, the leading omnichannel bookseller in Germany, Austria, and Switzerland. The result is a highly automated warehouse combining speed, precision, and scalability.

The customer

Rhenus is a global logistics provider with 1,330 sites across more than 70 countries. For over 20 years, Rhenus has managed logistics for Thalia, supplying hundreds of stores as well as its growing e-commerce business.

The solution at a glance

The system covers just **8,000 m²** and includes:
- **530 R5 robots**
- **94 CarouselPorts**
- **240,000 bins**
- **2.5 km of conveyor technology**

The results

- **13,100 bin presentations per hour**, placing the system among the highest-performing worldwide
- **100% increase in productivity**
- **75% faster training** for new employees
- **240,000 bins within an 8,000 m² footprint**
- Fewer errors through automated processes
- Scalable system design for future growth
